

DREAMING OF A CAREER IN CANCER RESEARCH IN ITALY?

APPLY TO THE AIRC START-UP GRANT!

The **AIRC Start-Up grant** program is for talented **young scientists** with a strong commitment to cancer research, seeking the opportunity of becoming independent investigators and setting up their own lab in Italy after a successful research experience abroad.

The grant amount is up to **1 million euro** in **5 years**.

TO BE ELIGIBLE APPLICANTS, OF ANY NATIONALITY:

- must **not** have been back **in Italy for more than 12 months** by the deadline;
- must have at least **2 first/co-first, last/co-last, corresponding/co-corresponding primary research paper** in the last 5 years;

Applicants should be 35 years old or younger by the time of the submission application's deadline. Some degree of flexibility to this age-limit is applied (provided that applicants meet the other eligibility criteria), but in case of equal merit preference will be given to younger candidates.

The 2021 call will be launched in February.
The submission deadline will be in March.
Don't miss this opportunity to establish a new independent laboratory in Italy!

AIRC Foundation raises funds to support cancer research in Italy. Its mission is to understand, prevent and cure cancer through research and outreach activities.
